## CHILDREN'S DAY AT ROSE MAIDEN

This afternoon, a full dress rehaer-  
sal of "The Rose Maiden" is being held  
at the Opera House, and it is being  
attended by hundreds of the smaller  
school children who would not be able  
to go to the Friday night performance.  
This rehearsal will be as good as  
the finished production, as the sing-  
ers will have a full audience and will  
undoubtedly put their best efforts into  
this last rehearsal before the "big  
night."

The chorus is in the best possible  
form, and Mr. Stanley Livingston is  
very gratified at the results that have  
been achieved by the hard training  
they have received. The concert to-  
morrow night will be one of the great-  
est musical treats that has ever been  
heard in Honolulu, and everybody who  
loves good music should get a ticket  
at Wall, Nichols Co. at once.

But in addition to the chorus, which  
in itself would be well worth the price  
of admission, there will be some of the  
best soloists of the city. Mrs. Bruce  
McV. Mackall, the soprano soloist, is  
too well known to need an introduc-  
tion, and Messrs. C. E. Edmunds and  
Chester Livingston are sure to delight  
their audience with their singing.  
These local soloists will be assisted  
by Mrs. Dr. O'Day, a contralto from  
the East. She has a full, rich voice  
and a fine expression.

## HAWAII WILL NEED COAST DETECTIVES

While Chief of Detectives Taylor  
was in San Francisco he was advised  
by Chief of Police Biggy of the great  
advantage which the Territory would  
gain by having a few Coast detec-  
tives sent to Honolulu at the time of  
the arrival of the Fleet in this port.  
A large number of crooks had been  
coming to the Coast during the stay  
of the Fleet there, and detectives had  
been sent for from all parts of the  
United States to watch them. Biggy  
thought it was very probable that  
many of these crooks would go to  
Honolulu also, and as a consequence  
some detectives from the mainland  
who were familiar with them would  
be needed to look after them.

The local police department thinks  
the suggestion a good one, but funds  
are lacking to carry it out, although,  
as the detectives could probably travel  
on transports, there would not be a  
very great expense involved. The  
matter may be suggested to the Su-  
pervisors.

San Francisco, May 6.—Professor  
R. Koch of Germany, one of the most  
prominent and interesting scientists  
in the modern medical world, is a  
guest at the Fairmont with his wife.  
Professor Koch is on his way to Hono-  
lulu and Japan to make an investiga-  
tion of leprosy on the ground that it is  
a germ disease and can be communi-  
cated by smell as well as by bodily  
contact.

The distinguished scientist is the  
discoverer of bacillus of tuberculosis  
and in 1884 got a prize of 100,000  
marks from the German Government  
for his famous discovery of the cholera  
germ. His remarkable inquiry in-  
to the course of the sleeping sickness,  
an African lethargy, which affects the  
benzets and natives in certain parts of  
that country, is now a part of modern  
medical research.

He spent eighteen months in the  
Lake Victoria Nyman district study-  
ing the disease and its effects, and  
found it was caused by the tsetse fly.  
He found in turn that the fly feeds on  
the blood of crocodiles and the hippo-  
potamus and from that source got the  
poison which affected the natives and  
benzets bit. He found a remedy for  
this poison which is called atoxile.

The Weekly Edition of the Evening  
Bulletin gives a complete summary of  
the news of the day.

## IN FOREIGN PORTS

### CABLE REPORT OF SAN FRANCISCO MERCHANTS' EXCHANGE.

Wednesday, May 13.

YOKOHAMA—Arrived May 12:  
S. S. Hongkong Maru, hence May 1.  
PORT GAMBLE—Sailed May 12:  
Am. schr. Robert Lewers, for Ho-  
nolulu.

KAHULUI—Sailed May 12:  
S. S. Nebraskan, for San Francisco.

### WATERFRONT NOTES

The American schooner Helene,  
Captain Thompson, a tall and smart  
looking craft, made port this morn-  
ing, just twelve days out of San Fran-  
cisco. She has 200 tons of general  
cargo, among the articles being pow-  
der, dynamite and caps. She had two  
days' calm on the way down or she  
would have made even a faster run.  
The boat left at the same time that  
the Mary Johnson, the bark, bound  
for Honolulu, but she walked right away from the square  
rigger. She brought in as cabin boy  
"Peanuts," well known on the water-  
front.

A CABLE HAS BEEN received by  
Hickfield & Co., announcing that the  
P. M. S. S. Matamor sailed from Yo-  
kohama for the Coast via this port,  
yesterday, having aboard 1500 tons of  
freight for Hawaii. She has accom-  
modations for forty passengers in the  
cabin.

The China, which is due tomorrow  
from the Orient, brings about 300 tons  
freight, and will have all the room  
desirable for the cabin passengers,  
who may wish to go out, while the  
Korea comes in from the Coast to-  
morrow with 10 tons cargo.

THE BANGALORE, now 203 days  
out of Norfolk, Va. for this port, was  
quoted on May 13 at 55 per cent, and  
the rate was steadily going up. The  
chances that she took the other way  
round the world, in seeing that she  
could not make the Horn, rapidly di-  
minish, as the 203 days mark is left  
behind, as she should have made the  
passage in that time in almost any  
event.

THE A. H. S. S. ALASKAN, Captain  
Nichols, left this port at 6:30 p. m.  
yesterday, sailing for Kahului, where  
she will load sugar before sailing for  
San Francisco, on the run which has  
been filled by the Nebraskan.

THE GERMAN BARK HOLYWOOD  
which has been anchored in the  
stream since making this port from  
Peru, until she could be fumigated for  
rates, was tied up at the Hackfield  
wharf this morning.

THE AMERICAN Barkentine Car-  
tis, which came into port from South  
America the other day with a foul  
bottom, is on the marine railway be-  
ing scraped and painted.

The British ship Celtic Monarch,  
Captain Lewellyn, sailed for San Fran-  
cisco today, after moving outside yes-  
terday afternoon to an anchorage.

THE P. M. S. S. KOREA should  
bring in mail from the Coast to-  
morrow, and the China should bring in  
mail from the Orient.

INTER-ISLAND STEAMERS due  
tomorrow are the W. G. Hall, Mika-  
hala, and Ke Au Hou.

THE INTER-ISLAND steamer Ki-  
nanu sails at 5 o'clock this afternoon  
for Kaula ports.

THE STEAMER MAUI, Bruhn, sails  
for Papaaloa at 5 o'clock this after-  
noon.

## BAND CONCERT AND DANCE AT SEASIDE TONIGHT

The Royal Hawaiian Band will give  
a concert this evening at the Seaside  
driving dinner and during the intermis-  
sions of the dances. Tables will be  
removed by all these calling 834 for  
dinner. Captain Berger has arranged  
a treat in the music line for tonight.  
All are cordially invited to be present.

## MAGOON WANTS BIG FEES: AGHI PROTESTS

Another Magoon scandal may leap  
into prominence as a result of the fil-  
ing of an objection by W. C. Achi to  
the court's allowing \$350 in all as  
fees to Magoon for appearing in court  
and filing the final accounts of Antonio  
Rodrigues.

J. A. Magoon asks that \$250 be al-  
lowed him for appearing in court in  
behalf of the estate, and also that \$100  
be allowed for the filing of the final  
accounts. This Achi claims is exor-  
bitant, and protests it on that account.

## HILONIAN BRINGS GUNS

The M. N. S. S. Hilonian arrived  
in port yesterday afternoon, after  
announcing her impending arrival  
by wireless, bringing with her eight  
pieces of ordnance for the Diamond  
Head fortifications, as well as a num-  
ber of passengers for this port,  
about 2000 tons general cargo, and  
a big deckload of live stock. She is  
at present at the regular Matson  
wharf, but will go to the Railroad  
wharf tomorrow for the purpose of  
unloading the big guns, which cannot  
be handled on the wharf where she  
now lies. The tackle of the ship  
could be used to get them out of the  
hold all right, but there would be no  
way of handling them onto the  
trucks when they were once on the  
ground. The big cranes at the Rail-  
road wharf will handle them.

The Hilonian was only a few hours  
at sea when she passed the big At-  
lantic Fleet of sixteen battleships  
and about twenty other craft, steam-  
ing toward San Francisco. The Mat-  
son boat dipped her flag as each of  
the ships passed, and the salute was  
returned. She hopes to see that the  
passengers and crew might get the  
full benefit of the sight, as well as  
out of courtesy.

The Hilonian should have made  
this port day before yesterday, but  
got the rare opportunity of seeing  
this spectacle by deferring the de-  
parture from San Francisco for one  
day.

Wireless Operator Switzer reports  
that he could hear talk between the  
Atlantic and Pacific Fleets, by wire-  
less, but could not make out many  
of the messages on account of their  
being mostly in cipher. He could get  
the messages for three days.

The full cargo of the Hilonian  
consisted of 35 mules, 3 horses, 3  
rams, and a lot of pigeons. Besides  
the 2000 tons of material for the for-  
tifications at Diamond Head she car-  
ried about 2000 tons hay and general  
goods. She had thirty-seven cabin  
and six steerage passengers.

Bulletin Editorial Room Phone 185.

## Japan's Firm Opposition

PEKIN, China, May 13.—Japan has refused to modify the opposition  
she has advanced against the building of the Teinmunten railroad,  
a line which will promote the trade of Russia in Manchuria. An agree-  
ment has been reached, however, between the Chinese and Japanese Gov-  
ernments over the Yalu river timber dispute.

### LOUISIANA TORNADO

LITTLE ROCK, Ark., May 13.—A  
tornado did considerable damage in  
Louisiana today, several persons be-  
ing killed and property damaged.

### CHINESE REBELS REPULSED

PEKIN, China, May 13.—The re-  
volutionists in the province of Yun-  
nan have been repulsed by the Im-  
perial troops.

## JAPANESE CARPENTERS AND FIT THROWERS

"I have had it called to my atten-  
tion that a paper said to be connected  
with some of the Athertons is making  
a great fuss about the employment of  
a few Japanese carpenters at the Op-  
era House," said a business man this  
morning.

"I don't see what that element can  
have to say about the employment of  
Japanese. If you have seen a photo-  
graph of the corner-stone laying at  
Punahou, you will see a Japanese  
workman prominently in the fore-  
ground. The only workmen I see  
about the new addition to Central  
Union church are Japanese. They  
may be waiters or clerks. I think  
you will find that Theodore Richards  
is in charge of the Congress of Shog-  
so why don't they pick the mote out  
of their own eye before taking a small  
newspaper corner in which to throw  
a fit?"

## M'BRIDE HAS JOYS BUT ALSO WORRIES

That Claudius McBride is making  
strenuous efforts in San Francisco  
in the way of fittingly representing the  
Territory is the report of a local gen-  
tleman who recently returned from  
the Coast. The gentle Claudius has  
had all the invitations which were  
extended to Governor Frear passed  
over to him, and he is now hobnob-  
ing with Governors, Mayors and all  
the other high officials of the Golden  
State. He represented the Territory  
at the various entertainments which  
were given on the arrival of the  
Fleet, such as the Governor's ban-  
quet, the Mayor's banquet, and  
various balls and official entertainments  
and functions.

While McBride thus feels assured  
that the Territory's end on the Coast  
is in safe hands, he is not so sure  
that the local arrangements will be  
properly taken care of. He com-  
plained to the gentleman referred to  
above that he feared that the local  
people were going at matters on an  
entirely wrong tack, and that it  
would be the part of wisdom to let  
him place his master-hand on the  
reins.

Pittsburg, always in the lead, will  
spring a novelty at the baseball  
grounds this season, says the Gazette-  
Times of that city. The Pittsburg  
baseball club proposes to solve the  
"wet grounds" problem. A contract  
has been signed by Dreyfuss with the  
Pittsburg Waterproof company for a  
tarpaulin to cover the entire playing  
field at the ball park.
